EVaded OFFICERS BY EXCHANGING HIS TICKETS

Williams and Settin in Danger of Being Mobbed When Police Captain Arrives on the Scene; Fifteen Days.

Accused of making insulting remarks in the hearing of the audience, Richard Williams and Ralph Settin were arrested at a local theater last night. According to the police, Gettins and Williams were under the influence of drink. They made remarks that caused men in their neighborhood to fight anger, and, according to Captain O'Hearn's report, one man who had accompanied his wife to the playhouse, was "on the point of taking the law in his own hands" when the captain arrived. Gettins and Williams are alleged to have threatened to assault the manager of the house when he protested against their carousing. One of them had a bottle of whiskey when searched at the station house.

The pair were charged with drunkenness. When they faced Judge Craig in police court this morning he gave them short shrift. They were sentenced to 15 days straight.

REGISTRATION TOTALS 8,804 IN THE COUNTY

Registration figures for the entire county—which means the city as well as the outside precincts—given out officially today, indicate that nobody eligible to a place on the books escaped. The total is 8,804—a total large enough to raise suspicion in the minds of the cynical that graveyards were included in the canvass, and that phantoms may vote before the end of the day.

The total registration for the city is 5,278, and for the outside precincts 3,526. The city's registration is divided as follows:

Precinct No. 12, District No. 1—
432.
Precinct No. 12, District No. 2—
1,872.
Precinct No. 28, District No. 1—
1,741.
Precinct No. 2, District No. 2—
1,033.

Wrong Man Picked Four Times in Effort to Nab Santa Fe Passenger, Wanted in California.

D. N. Heaton, for whom the county police and railroad officials here were notified to watch the day before yesterday, was arrested yesterday on a Santa Fe train at Las Vegas, according to word received by officials. Heaton is wanted in Los Angeles, it is said, for forgery. Four times on the way from the coast other men were spotted by officers in mistake for Heaton. He was enabled to escape arrest here by one of the mistakes.

Heaton brought about the confusion in plenty by changing tickets as he made his way across the country. He made his first change with a fellow-passenger in California, and the man with whom he swapped was picked out as Heaton. Another swap led to the singling out of another innocent passenger by officers in Arizona, while Heaton hitherto went his way.

When the train got here a man whose ticket indicated he was the quarry sought was corralled by officers. He promptly denied Heaton was his name and explained that he had changed tickets. That put no doubt at all on the case for the local officials and they let the train, with Heaton aboard, go on. But information was telegraphed to Chief Ben Jones of Las Vegas, and the chief had men on hand to help the railroad officials nab the elusive Heaton.

They got the wrong man on the first attempt. Heaton, it is said, found a man who not only consented to swap tickets, but exchanged clothes with him. When the officers went into the car Heaton had gone into his berth. With the aid of the conductor, Heaton's identity was established, and the man with Heaton's ticket was released while the slippery fugitive was made fast.

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Hearing can be taken out and in those cases cut off are caused by Cataract, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by cataract) that cannot be cured by Half Cataract Cure. Send for circular free.

RECEIPTS FALL OFF TWENTY MILLIONS IN OCTOBER

Customs Revenue and Internal as Well Show Heavy Falling Away from Same Month of 1913.

Washington Nov. 3.—Government receipts from ordinary sources were nearly \$26,000,000 less during October than for last year. Customs receipts were off about \$14,000,000 and internal revenue \$8,000,000.

The figures were in contrast with the showing for September when total receipts fell off only about \$4,000,000, with customs below the same month about \$3,500,000, and internal revenue receipts increased about \$6,000,000.

The effect of the new revenue war tax will not noticeably swell the treasury's total for several weeks to come.

BARTH PREDICTS A WALK OVER WHEN VOTES ARE IN

Senator Sess Nothing But a Howling Victory in Sight as Result of Situation in Albuquerque Today.

"All the Democrats in the city are voting and voting the straight Democratic ticket, many Republicans are voting the Democratic ticket and the other Republicans at the polls are scratching," said Senator Isaac Barth today in summarizing what he had noted in a survey of the political battlefield. It was 2 o'clock when the Senate was caught on the fly by a Herald reporter, and he had been out in November 9, 1914, and will be submitted for action to the men-holders, and to state that if satisfactory offer is received by the party leaders to receive the mortgage and lien-holders will consent to safe and immediate delivery, clear of encumbrance.
